The Sonoma House is a first-class house in every respect.

The best of beef, mutton, pork, veal, sausages, etc., at Weyl's meat market.

Weyl's meat market is supplied with everything kept in a first-class butcher shop.

Visitors to Sonoma on business or pleasure will find the Sonoma House as conducted by Chas. Stein the hotel of Sonoma.

F. Cleve is erecting a new building adjoining Laux's saloon, which will be occupied when finished by J. S. Young as a blacksmith shop.

Buckingham's Dye for the whiskers can be applied when at home and is uniformly successful in coloring a brown or black. Hence its great popularity.

Lost—On Wednesday of last week, between Agua Caliente and Glen Ellen, a brown and black buggy robe. A suitable reward will be paid on return of the same to the Mervyn Hotel, Glen Ellen.

Mrs. T. S. Hawkins, Chattanooga, Tenn., says "Shiloh's Vitalizer saved my life." I consider it the best remedy for a debilitated system I ever used. For dyspepsia, kidney or liver trouble it excels. Price 75cts.

Considerable interest is being taken by the Turn Verein and the citizens generally in the coming celebration of the Fourth in this place. Every one interested in the welfare of Sonoma should encourage the celebration. Let all pull together in this matter and our word for it the celebration will be a great success.

Chas. Dal Pogetto, the well-known barber, who has been seriously ill the past few weeks, with a stomach and bowel trouble, was taken to St. Mary's Hospital, San Francisco, Thursday afternoon, for medical treatment. He was accompanied on the train by A. G. Bulotti, representing the Druid Society, of which Mr. Dal Pogetto is a member.

The following officers of Sonoma Grove No. 75, U. A. O. D., were installed by District Deputy Bulotti on Friday evening to serve for the ensuing term: E. Eraldi, P. A.; S. Ciucci, N. A.; T. Oliveri, V. A.; D. Valenti, Treasurer; A. G. Bulotti, Recording Secretary; G. Pedraia, Financial Secretary; G. Zappa, Conductor; P. Roveda, A. G.; P. Marenzi, O. G.

An invitation has been extended to the people of Sonoma to participate in Healdsburg's Floral Festival which will be held on Thursday, Friday and Saturday next. Great preparations are being made by the committee having charge of the affair to make it equal to the floral festival held in Santa Rosa the past week. Every town in the county will be represented.

A large number of Sonoma people took in the Rose Carnival at Santa Rosa on Wednesday, Thursday and Friday. The town was so crowded with visitors that comfort and pleasure were at a premium. In other words the carnival was too big for the town. An INDEX-TRIBUNE reporter went to the ball last night to see Governor Budd lead the grand march with the Floral Queen and if possible to secure a stag dance with Jim.

The Plaza, under the supervision of Trustee J. E. Poppe, has been plowed and rolled and with the healthy look of the five and six-year-old evergreen trees and shrubs presents an attractive appearance. It is the intention of Trustee Poppe to further beautify the Plaza grounds by introducing more water, laying out several lawns in blue grass and planting roses and other flowers. This can be done with very little expense to the city and will add much to the attractiveness of the town.

The Agua Rica Hot Springs Company will be incorporated next week. The object of the Company will be to utilize the remarkable flow of hot mineral water on Capt. Boyes' place for bathing and medicinal purposes. A large building and numerous cottages of Moorish design will be erected and all the appliances of a modern sanitarium will be introduced. It is the intention of the incorporators to make the Agua Rica Hot Springs one of the leading health and summer resorts of California. In addition to the flowing artesian well of hot mineral water there are thirteen springs on the place of different degrees of temperature. Some of these springs are ice cold, others are tepid and still others are very hot and all are more or less impregnated with the various health-giving minerals so essential to a health resort.

If you want the very best of wine, liquors or cigars go to the Sonoma House, and you will be politely served by Mr. Chas. Stein.

## A SERIOUS CHARGE.

## Elmer Zane Arrested on a Charge of Seduction Under Promise of Marriage.

Elmer Zane, a Sonoma boy, who left this valley a few years ago to take charge of the Yolo orchard, near Woodland, was arrested at 1 o'clock last Saturday morning charged with seduction.

Mr. Zane, who is quite a ladies man, is prominent in business and society circles in Woodland. The young lady in the case is a Miss Burke, a well-known society belle of Cacheville. Zane, when arrested, took the matter very coolly and refused to procure bail and was thrust in durance vile. He is the son of Judge Zane of Glen Ellen, one of Sonoma Valley's oldest and most respected citizens. It is claimed by defendant's friends that the charge is a trumped up one.

The Mail of Woodland contains the following account of the affair: E. C. Zane, Superintendent of the Yolo orchard, is in the "sweater" at Yolo awaiting to answer a charge of seducing a young lady of the little town of Cacheville under promise of marriage.

The arrest was made by the village Constable on a complaint sworn to by the girl's father.

The citizens of Cacheville held a meeting at the house of the young lady's father Friday night. A number drove in from the country and their conveyances were tied at the outskirts of town. Serious measures would have been carried out, but cooler heads prevailed and it was finally decided to place him under arrest. Constable Petit was awakened and deputized six men. Zane had just returned from a party (about 1 o'clock Saturday morning), when the warrant was read to him. He refused at first to submit to arrest, and, it is said, drew a pistol, but was induced to lay his popper aside and accompany the officers.

The young lady's parents are among the most highly esteemed residents of the county and the sorrow thrust upon them by their daughter's shame has crushed and bowed them down in grief. The unfortunate girl, who has given birth to a child in a San Francisco hospital, was, until she met her betrayer, a modest and retiring young lady.

Village gossip says Zane made improper advances soon after his acquaintance with her, but was so decidedly repulsed that a falling out, which continued for several months, was a result of his improper conduct.

The news of Zane's intimacy has been known by the Cachevillites for several weeks past, but the evading glances of the modest maidens and the suspicious actions of friends did not put a damper upon the dashing leader of all the late square and fancy dances; for, one evening, as the story goes, he called upon a young lady who had been made acquainted with the circumstances of the downfall of her unfortunate acquaintance. Zane was ushered in the house by another member of the family, but his greeting in the parlor was a decidedly cold one. The young lady politely, but firmly invited him to leave. When an explanation was attempted, a big brother put in an appearance and the orchardist was kicked off the premises.

Zane had a hearing before Justice of the Peace Nutting and upon the advice of District Attorney Hopkins the examination was postponed until Monday, the 13th. Bail was fixed at \$2,500, but at a late hour last night the prisoner had failed to secure bondsman. At the examination the prosecuting witness will be present.

## Heavy Real Estate Transfer.

J. Chauvet, the well-known and successful wine-grower of Glen Ellen, has purchased the Kohler & Frohling vineyard and farm comprising six hundred acres. Added to his other land interests this latest purchase makes Mr. Chauvet one of the largest real estate owners in Sonoma Valley. He will take possession of the property June 1st.

## New Comers.

Charles Purcell of Alameda county has purchased from Mr. and Mrs. McCauley their thirty-acre farm on Sonoma Creek one mile west of town. The price paid is not stated in the deed, but it is understood to be between \$8,000 and \$9,000. Mr. Purcell has a wife and a large family of grown children. He will take possession immediately.

Families visiting Sonoma will find the Sonoma House a first-class hotel in every respect.

The Sonoma House is conducted as a first-class hotel by Mr. and Mrs. Chas. Stein.

## GLEN ELLEN.

Hay making has commenced and the clatter of mowing machines can be heard on all sides.

A phonographic concert was held in Native Sons' Hall last Tuesday evening and was well attended.

Steps are about to be taken to improve the county road between this place and Warfield station.

Quite a number of Glen Ellen people were in attendance at the Rose Carnival at Santa Rosa this week.

Mrs. Cappin has been quite ill the past week, but we are glad to state that at present writing she has greatly improved.

The will be no school Thursday and Friday owing to the desire of some of the scholars to attend the Rose Carnival at Santa Rosa.

The Congregational Church at this place is rapidly nearing completion and will be ready for occupancy about the 1st of June.

G. W. Johnson, owner of the Warfield ranch, is making some extensive improvements on his farm in the way of fencing, painting, etc.

It would be well for Sonoma's champion bicyclist to look to his laurels, as this burg will soon put a contestant in the field for that honor.

J. Chauvet has purchased the Kohler and Frohling farm with the exception of the cellars, which belong to the California Wine Association.

Martin Peter, the well-known wine grower, has sold his entire vintage to the California Wine Association, obtaining a very fair price for his produce.

A special train will be run to Santa Rosa to-day on both the Southern Pacific and Donahue lines. A number of our citizens will take advantage of the low rates.

REMINISCENCE.

## QUEEN AGAINST HER WILL.

Margaret Young Reluctantly Rules Over Some South Sea Islands.

The bark Helen N. Almy, just returned to San Francisco from a trading voyage among the islands of the south Pacific, brings the story of a princess who rules over the Manua group against her wishes, though her subjects worship her much after the fashion that the Peruvians humbled themselves before the virgins of the sun.

Margaret Young is the granddaughter of Francis Young, an English sailor who landed at the island of Tau nearly 100 years ago and married the native queen. Through the death of all the heirs apparent to the throne of the Manua Margaret found herself called upon to rule. The news was conveyed to her at Apia some months ago by a delegation of chiefs from Manua, and she was forced by the laws of heredity obtaining in the southern archipelago to accompany them back to Tau, where she was installed as queen.

She is 22 years of age and highly educated. At the time of her sudden call from Apia she was pursuing her studies at a Catholic convent.

Captain Luttrell of the Almy and his wife, who accompanied him on his last trip, were the first white people permitted to interview the queen. She told them that her life was one of misery in spite of the great respect shown her by her native subjects. The sanctity of her dwelling is rigidly preserved by warriors, who stand ready to decapitate the intruder who dares to enter her presence without first being especially summoned.

"The grand chief of the group is the only man that is allowed to approach the queen," explained Captain Luttrell. "He attends to her wants, assisted by two maids, who never leave her side, except when they are called upon to do her bidding. Should any native desire to pay tribute to her in the shape of fish or fowl, he must fasten his gift upon the end of a bamboo pole, advance with closed eyes and thrust the stick through the doorway of the palace. She is not allowed to walk outside her cabin's limits. She must be carried on a litter by her maids, and when she ventures forth upon such a journey subjects are ordered under pain of death to keep hidden in their respective domiciles."

The queen explained to Captain Luttrell that she desired to be freed, but had never dared to say so to those who held her prisoner.

## USE FOR THE FERRIS WHEEL.

A Great Scheme to Employ One of the World's Fair Attractions.

The Ferris wheel has been a sort of white elephant on the hands of the owners ever since the World's fair. It paid very well at first, but since they have not known what to do with it, it is now proposed to take it to New York and turn it into a sort of gigantic elevator to carry people to a roof garden and skating rink, which will be the highest in the world.

The plan is to erect the wheel as it stood in Chicago. Outside of the wheel and trills were built four steel columns. These columns will run close together as they ascend until the top is reached, 200 feet, where a steel platform of the platform will be four more steel columns, running up 40 feet to a pyramid tower, protected by a railing, which will serve as an observatory.

In summer the platform will be open and used for a roof garden. In winter it will be closed in with glass and heated with steam. Mr. Ferris believes the platform will be sufficiently large to allow room for a stage and an orchestra when it is desired to use it as a roof garden.—Philadelphia Ledger.

Any one who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 220 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment. Mr. Stumm is foreman of Merriam's confectionery establishment. Some months ago, on leaving the heated work room to run across the street on an errand, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment and by morning was relieved of all rheumatic pains. He now takes especial pleasure in praising Chamberlain's Pain Balm and always keeps a bottle of it in the house. For sale by all dealers.

**CASTORIA**  
for Infants and Children.

**MOTHERS, Do You Know** that Castoria, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

**Do You Know** that opium and morphine are stupefying narcotic poisons?

**Do You Know** that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

**Do You Know** that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

**Do You Know** that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

**Do You Know** that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

**Do You Know** that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

**Do You Know** that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

**Do You Know** that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

**Do You Know** that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

**Well, these things are worth knowing. They are facts.**

The fac-simile signature of *Charles H. Pitcher* is on every wrapper.
